CP's is a relaxed experience.

Sit where you like. Drink something different. Dine on a delicious pizza. When you are ready to order, head to the counter. If you want a meal from the bistro menu, then head out to Huey's or the Atrium.

You cannot order from the Bistro or Huey's and sit in CP's (#sorrynotsorry).

It has taken us a long time to recover from "C 19" and we continue to face staffing shortages...this is how we can make this work...bear with us, we are doing our best.
